[Portfolio Website](#) | [LinkedIn](#) | Open to relocation across India; remote or visa-sponsored roles internationally

SUMMARY

FP&A and financial analysis professional with hands-on experience in budgeting, variance analysis, MIS reporting, and cost tracking, paired with a self-built portfolio of four independent equity and banking valuation models covering Asian Paints, ITC, SBI, and ICICI Bank. Comfortable across operational finance (reporting, pricing, cost tracking) and analytical work (three-statement modelling, CAPM/WACC-based DCF, RBI-grounded credit analysis). Seeking an FP&A, Financial Analyst, or Credit/Research Analyst role.

PROFESSIONAL EXPERIENCE

Assistant Finance Officer (FP&A & Operations) | XOMOY Innovatives Pvt Ltd | Mar 2023 – Jan 2025

Remote, evening-hours role (approx. 6 PM–12 AM), run alongside full-time MBA coursework (9 AM–4 PM); continued part-time at the founders' request through the company's flagship event (Baahi Music Fest, Jan 2025) before transitioning to full-time MBA focus.

- Prepared monthly MIS reports, financial summaries, and dashboards used directly by management for budget review and operating decisions.
- Assisted in budgeting, expense planning, and variance analysis across business operations, marketing campaigns, and live events, flagging cost overruns against plan.
- Built recurring Excel reports and pricing analyses using Pivot Tables, XLOOKUP, SUMIFS, and INDEX-MATCH, replacing manual reconciliation with templated, repeatable reports.
- Supported cost analysis on music licensing and artist royalty expenses, and tracked ticket sales and revenue for the company's Baahi music streaming and event-ticketing platforms.

Operations & MIS Executive | HDFC-Partnered Home Loan Agency (DSA) | Jul 2022 – Jan 2023

- Led a team of 5 field executives managing post-disbursement monitoring across 50+ home loan cases weekly.
- Reviewed construction progress, inspection reports, and property documents prior to HDFC portal submission, directly supporting staged loan disbursement decisions.
- Delivered daily MIS and monthly billing reports with a consistent first-day-of-month submission record.

Trade Marketing & Distribution Intern | ITC Limited (FMCG Division) | Jul 2025 – Aug 2025

Chosen deliberately during MBA to build client-facing and communication skills alongside core finance work.

- Tracked daily secondary sales trends across 16 retail outlets, analysing distribution gaps and stock issues to support faster inventory decisions.
- Designed and ran a 21-retailer primary research study on technology adoption; analysed data and presented findings directly to ITC branch management.

INDEPENDENT FINANCIAL MODELLING & RESEARCH PROJECTS

[Full models and write-ups: abankeot.github.io](https://abankeot.github.io)

- Asian Paints & ITC Limited — built independent 5-year integrated financial models; FCFF-based DCF (CAPM/WACC, Gordon Growth) cross-checked against target-P/E relative valuation; issued SELL recommendation on both.
- SBI & ICICI Bank — built 5-year banking financial models covering loan growth, NIM, cost-to-income, and asset quality (GNPA, credit cost); issued a BUY recommendation on both, with an 81% total expected return on SBI.
- HAL — sector and financial analysis covering order book, revenue drivers, competitive positioning, and key risks in India's defence manufacturing sector.
- MBA Dissertation — designed and ran a structured 21-retailer field survey on technology adoption; analysed results using percentage and mean-score methods; presented recommendations to ITC management and university faculty.
